

The Blacksmiths of Mid-Michigan will be holding the annual Summer Hammer-In August 10, starting at 9:00 AM, at Dace Koenigsknecht's shop His address is 4752 South Williams Road, St. Johns, MI 48879. [Click here for a map.](#)

Our project will be the trivet pictured below. It is made from three pieces of 1/2 inch bar, each with a scroll, a hole slot punched and drifted, and a tenon. The scrolls can be done freehand or with a jig. What is a trivet, you ask? [Click here to find out.](#)

There is no cost to attend, and the materials will be provided, if you RSVP in advance. We need to know who is coming so we can be sure to have enough stock. We estimate that the materials will cost about \$4 per set and would be happy to take donations at the event to defray the costs.

Send your RSVP to Aliquis Smith at info.blacksmiths@gmail.com.

We will send out more reminders and information about food and such in future weeks.

Thanks, and enjoy your spring!

A. Smith
